Subject: CCS CY 2014 Updates and Instruction Manual

CCS Provider:

The Wisconsin Department of Health Services (DHS) has developed an updated CY2014 CCS reporting process in order to address the shift in billing requirements and the formation of CCS regions which took place during Calendar Year (CY) 2014. To help providers prepare for the upcoming CY2014 CCS reporting period, the following CCS CY 2014 Instruction Manual documents are attached:

- **CCS 2014 Instruction Manual** provides CY2014 CCS reporting guidelines including an overview of the updated CCS reporting process applicable to dates of service from July 1, 2014 – December 31, 2014. The updated CCS reporting methodology mirrors the CY2013 WIMCR cost report.
- **IV – Cost Reporting for Dates of Service Prior to July 1 2014** provides a recap of the legacy CCS reporting process applicable to dates of service from January 1, 2014 – June 30, 2014.

The CCS CY 2014 reporting process is final; however, we welcome feedback from CCS providers relating to the attached documents. Please click [here](#) to submit questions or comments by April 3, 2015. All comments will be reviewed by DHS and all questions will be addressed prior to the beginning of CY2014 CCS reporting period. Although timelines for CY2014 have not yet been finalized, approximate dates for CCS reporting are listed below. Additional detail will be provided as the June cost reporting period approaches.
