WIMCR and CCS Providers,

Below are additional details for next week's CY2014 WIMCR and CCS trainings. Each training will begin with a policy update from the Department of Health Services (WI DHS) followed by a combined WIMCR/CCS reporting demo. The training schedule has changed so that information relevant to WIMCR providers as well as CCS providers will be embedded throughout all components of each training. Consequently, **all CCS and/or WIMCR providers should plan to attend the entire training regardless of which program they provide.**

If you haven't already - [please click here to RSVP to a regional training](#). Please note the change in time for the Appleton training.
